All other events are played in groups of 3-5 players and the 2 best players reach the playoff. U12-Starter will be played with consolidation.

Participants may attend one event per block (except CPH PING PONG OPEN). Players must participate in the event that they belong (level and age) to be able to play in other events, eg. a 14 year old player cannot participate in Junior events, if he/she does not also take part in the Cadet event. This is to ensure a high quality / standard in all events. Youth players can not participate in Class 3-5.

Please note there will be background music and commentator speaking during these events.

Ranking will be set up according to the World and Danish rating list and in cooperation with the Danish Table Tennis Association (DBTU). The Danish rating list of September 15 is critical for the participation in the ranks. All events will be filled up according of the most rating points. Ranking takes place in all events based on the update of the ranking list September 15 (Men's Elite) and September 22 (other events).

Enrollment for all events must be made within 30 minutes prior to the start of the event.
